

# HAZWOPER TRAINING

---

## **WE ARE CERTIFIED TO TEACH HAZWOPER!**

Who needs HAZWOPER training?

All individuals who handle hazardous materials and individuals who will respond to releases or potential releases of hazardous substances. Personnel who are tasked to protect nearby people, property or the environment from a release.

This includes tank farm employees and maintenance personnel, fuel distributors, facility managers, community volunteer firefighters, emergency response technicians, etc.

**Frontier Fuel Service can work with you to set up 40 or 24 hour courses, or an 8-hour refresher course - either on site or regionally, any time of the year.**
